Technical Data Sheet- Leather Finishing Products

Product Code: AB-85F

DESCRIPTION

AB-85F is a soft, NMP free, high performance aliphatic polyether/polyester polyurethane dispersion.

APPLICATIONS

- Leather base coats applications where excellent adhesion, flexibility, low cost is required.

FEATURES

- Good bally flex properties
- Good cold flex properties
- Improves softness and adhesion of basecoats

- **PROPERTIES**

Percent Solids, weight	35
Specific Gravity, 25°C	1.04
pH, typical value	8.1
Viscosity, cPs	25

STORAGE

Store in a cool, dry place, preferably less than 80°F, to ensure a useful shelf life of eighteen months. Protect from freezing.

Quaker Color manufactures all its products under carefully controlled conditions to meet rigid specifications. The values given in this publication are typical values intended as guidelines for the use of the products, they are not specifications. It is the user's responsibility to thoroughly test the product in their particular application to determine its performance, efficacy and safety. Should you require the actual specifications currently enforced on specific products contact your Quaker Color representative for the appropriate information.
