

# TECHNICAL DATA SHEET

# ENCOR® DM 166

Acrylic dispersion

# **PRODUCT APPLICATION DETAILS**

The ENCOR® DM latex series offers coating formulators a wide range of latex performance choices for metal-coating application. The latexes can be formulated into light industrial top coats and primers as well as direct-to-metal (DTM)applications.

# **SALES SPECIFICATIONS**

	CHARACTERISTICS	METHODS
Solid content (by weight)	42 %	-
рН	7,5	-
Viscosity (Brookfield)	600 cP	-

# OTHER CHARACTERISTICS<sup>1</sup>

	CHARACTERISTICS	METHODS
Minimum film formation temperature	31 °C	-
Glass transition temperature (midpoint)	46 °C	-
Density	8.6 lbs/gal	-
Average particle size	0.1 microns	-

¹The data provided for these properties are typical values, intended only as guides, and should not be construed as sales specifications

#### **MARKETS**

#### **Coatings & Inks**

• Industrial Coating

# **PERFORMANCE BENEFITS**

- Can be formulated into direct-to-metal coatings, topcoats, and primers
- Shows excellent gloss development and block resistance characteristics
- Exhibits excellent water resistance
- Offers adhesion to a variety of substrates
- Offers good solvent, humidity, and corrosion resistance

# **ENCOR® DM 166**

#### **PRODUCT SAFETY**

Please refer to the corresponding Safety Data Sheet.

# **STORAGE AND HANDLING**

ENCOR® DM 166 - When storing and handling follow procedures recommended for polymer dispersions. Use corrosion resistant storage tanks and piping. Air-operated diaphragm pumps are preferred. Avoid temperature extremes. Do not freeze. Store between 40 to 90 °F (4 -32 °C). Packaged material should be stored indoors in a dry place in the original unopened and undamaged container. Exposure to direct sunlight should be avoided. The product is protected to prevent microbial deterioration during normal storage conditions; however, care should be taken to avoid accidental contamination during subsequent handling and processing. Bulk storage and handling practices are described in the Arkema Latex Storage and Handling Guide. For a copy of this guide contact Arkema.
